- Went in oct so no permit needed.
- The bwca was closed early season when our trip was planned to ended up doing a couple day trips. Our fall trip got blocked due to early ice and snow.

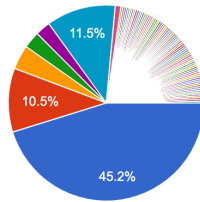

I have been to Quetico 40 years in a row. 1st time to BWCA in 2020 as border was closed. Bwca lis just too crowded.

Clean campsites friendly campers. I think the usfs should kill the poison ivy on many trails to the can.
